

Welcome Back to School!

Last year, school had to close because of COVID, a yucky germ! A lot of us were sad that school had to close and had to learn at home.

This year we are back to school either in person or learning at home virtually. We may feel excited, happy, scared or nervous! All of the feelings about coming back to school or learning virtually are ok!

The yucky COVID germ is still around, so there are some things at school that will be the same and some things that will be different.

The things that will stay the same at school are: teachers,
learning and showing Central SHINES!

In order to be safe, there will also be some things that will be different! We will wear masks everyday at school and we will try and stay 6 feet away from each other! We will be cleaning our classrooms and hands a lot more than we used to!

Wearing a mask, staying apart from each other and cleaning our classroom and hands might feel different in the beginning! It is ok to feel frustrated or uncomfortable. The more we practice these new procedures the safer we will be!

When COVID is better, we can go back to school like we used to. We will be able to be close to our teachers and friends and we won't have to wear masks!

For now, let's all work together to stay safe and healthy! We can do this together! We can stay 6 feet away from others, wear masks and wash our hands often! Go Knights!
